— Unique pieces made with traditional techniques appeal to us. Our collection is born from the traditional crafts that have been perfected by Portuguese craftsmen: the work of lacquered metals and noble metals such as brass and copper and the work of glass, both with a rich tradition in Portugal. All of our products are carefully made one by one, in a production balanced between state of the art processes and handmade details.

— Sentimos que peças únicas, feitas através de técnicas tradicionais são mais apelativas. As nossas coleções nascem a partir dos ofícios tradicionais que têm sido aperfeiçoados por artesãos portugueses: o trabalho dos metais lacados e de metais nobres como o latão e o cobre e o trabalho do vidro, ambos com rica tradição em Portugal. Todos os nossos produtos são cuidadosamente produzidos um a um, numa produção equilibrada entre os processos industriais mais avançados e detalhes de produção artesanal.

Embracing our crafts heritage, while up to date with the innovations and creativity developments around the world, *Utu soulful lighting* develops contemporary pieces with traditional Portuguese materials and techniques. This aspect is a constant in our creative process and produces high quality products: we mix what we do best – edgy creativity and experienced craftsman production. —

Abraçando a sua herança artesanal, enquanto acompanha a inovação e evolução criativas ao redor do mundo, a *Utu soulful lighting* desenvolve peças contemporâneas com base em materiais e técnicas tradicionais portuguesas. Este aspecto é uma constante em nosso processo criativo e resulta em produtos de alta qualidade: combinamos o que fazemos melhor – criatividade inovadora e produção artesanal experiente. —

THE NETHERLANDS

— Circus floor lamp is an uncommon lamp: a column of light with its big illuminated area. It distributes light in a big area, providing soft, comfortable lighting that spreads throughout the space. At this modern and eclectic open space in Amsterdam, Netherlands, house of Eclectic IQ offices, it shines with its elegant presence. —

— Long lines in bright tones. Up lamps are a subtle yet bold choice, with their colorful intersecting lines and eye catching dimensions.

— Bright tones, enhanced by delicate materials, embellish the settings where Up table lamp emerges as an important character, playing first role in defining the contemporary look on these both spaces. A rhythmic lacquered metal mesh makes these pieces surface textured and the light results soft and comfortable filtered by the cotton lampshade. —
